FIX ALL JUST GOT BIGGER AND BETTER

Introducing Fix All's Big Brother – Fix All Xtreme!

Fix All's just got a newest, meanest bigger brother – Fix All Xtreme. With an unsurpassed initial bond strength of up to 400 kg / m², you can count on Fix All Xtreme for all your heavy duty bonding requirements. Just apply, press firmly, and you're done. Leave it to cure overnight and you've got a bond that's waterproof, weatherproof, and lasting near forever.

A New Design for a New Age

With our full range of high performance, high technology hybrid polymer products, Soudal is ushering in a new age of sealants and adhesives with the Fix All range. With this new age, we updated our already attractive design to be even more eye-catching, with clear information that is easily visible and understood, all in the interest of improving consumer decision.

The Classic Product Gets a New Name – Fix All Flexi!

Fix All Classic was the first product that gained recognition all over the world for being the best hybrid polymer with unique properties that was widely available. In that sense, it is truly a classic. But we're updating the name to reflect more clearly the function and properties of the product, and with the new name Flexi, consumers will now easily know the specific function of this product – a flexible sealant / adhesive that excels in every sealing and bonding application.

Want to know more? We're here to help

At PFE Technologies, we pride ourselves on customer service and technical expertise, so if there's anything you would like to know regarding our Soudal Fix All range, or anything related to sealing and bonding, give us a call. We'd love to hear from you and answer any questions.

SOUDAL

Fix ALL FLEXI

MULTI USE

Our most versatile product features great flexibility and elasticity, perfect for sealing joints and bonding stuff! With its added anti-fungal properties, Flexi is an uncompromising product for any application.

Fix ALL CRYSTAL

SUPER CLEAR

The 100% Crystal Clear sealant and adhesive for applications where looks matter. Great for bonding glass to glass, or anything requiring invisible sealing and bonding with a transparent product. Can be used for foodsafe applications.

Fix ALL TURBO

SUPER FAST

Our high strength adhesive can be used to bond heavy materials in as quickly as 20 minutes! Achieving such a strong bond in such a short time is no easy feat, but what's more impressive is in how long the product lasts.

Fix ALL XTREMEPOWER

EXTREME TACK

The most extreme of the Fix All Range, you can count on this adhesive to fulfill all your bonding requirements in the most simple ways. Just apply and press, and the extreme initial tack ensures it holds up without sliding.
